## Company Overview

WiseBid Estimating is a professional construction cost estimating and quantity takeoff company serving General Contractors, Subcontractors, Developers, and Construction Firms across the USA. We specialize in delivering accurate, detailed, and bid-ready estimates that help our clients submit competitive bids and win profitable projects.

With a strong understanding of construction drawings, specifications, and real-time market pricing, WiseBid Estimating acts as a trusted estimating partner, supporting contractors throughout the entire bidding process—from initial takeoffs to final bid submission.

We are backed by a team of 90+ seasoned estimators, each assigned based on trade specialization and project requirements. Our professionals bring years of hands-on industry experience and are rigorously trained on advanced estimating and takeoff tools, enabling us to deliver high-accuracy estimates with fast turnaround times, consistently across projects of all sizes and complexities.

## 2025 Awarded Results

In 2025 alone, WiseBid Estimating has helped clients secure over \$900 million worth of construction projects. This proven track record reflects the precision, reliability, and strategic insight behind every estimate we deliver—positioning our clients to bid confidently, protect targeted margins, and win more work.

## About Us

---

WiseBid Estimating was founded with a clear goal: **to eliminate guesswork from construction bidding**. Backed by **15+ years of industry experience**, our team has successfully supported hundreds of residential, commercial, and industrial projects across multiple trades

We combine **experienced estimators, proven workflows, and advanced takeoff tools** to ensure every estimate is precise, transparent, and aligned with real-world construction costs.

## Our Vision

---

To become a **leading construction estimating partner in the United States**, recognized for accuracy, reliability, and long-term client relationships.

## Our Mission

---

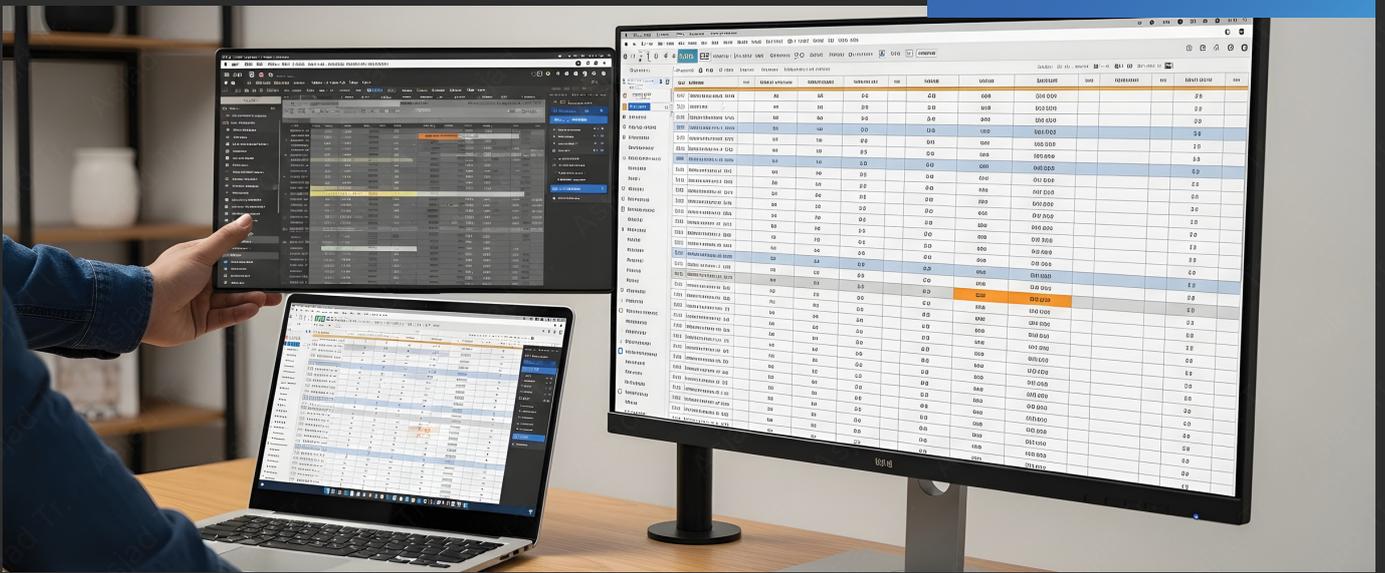

To help contractors win more bids by delivering **fast, accurate, and professionally structured estimates** while maintaining the highest standards of quality, confidentiality, and integrity.

## Why Choose WiseBid Estimating

---

WiseBid Estimating delivers precise, fast estimates that take the stress out of bidding. Regardless of bid volume or project complexity, we make the process simple. Contractors can focus on winning work while we handle the numbers.

- Highly accurate quantity takeoffs
- CSI division-based estimates
- Fast turnaround times
- Experienced trade-specific estimators
- Clear and transparent pricing breakdowns
- Bid-ready deliverables
- Strict confidentiality and NDA protection
- Dedicated bid support until submission

## Services We Offer

We specialize in providing precise and reliable estimates for all types of construction projects. With over 15+ years of experience, our team works closely with contractors, developers, and architects to ensure every detail is accounted for, keeping your projects on time and within budget.

Whether you're working on a residential, commercial, or industrial project, we've got the expertise to help you succeed.

- Construction Cost Estimating
- Quantity Takeoffs
- Bid Support & Proposal Preparation
- Change Order Estimates
- Value Engineering
- Project Cost Management
- CPM Scheduling
- Material Takeoff Services
- CAD Drafting
- Subcontractor Marketing & Lead Generation

## Trades We Cover

WiseBid Estimating provides specialized estimating services across a wide range of construction trades. With over 8 years of experience, our expert team delivers precise estimates for electrical, plumbing, HVAC, and more. We work hand-in-hand with contractors and tradespeople to ensure every detail is covered, helping you avoid unexpected costs and stay on schedule.

Whether you're managing a small residential job or a large commercial project, our tailored estimates keep your work on track and within budget.

- Electrical
- Mechanical
- HVAC
- Plumbing
- Civil & Sitework
- Concrete
- Masonry
- Structural Steel
- Drywall & Framing
- Flooring
- Painting & Finishes
- Roofing
- Landscaping

# Project Types We Deliver

We have successfully delivered cost estimates and quantity takeoffs for a wide range of construction projects across multiple sectors. Our experience spans from small-scale developments to large, complex builds, allowing us to adapt our estimating approach to each project's unique scope, trade requirements, and budget objectives. The project types we deliver include:

Residential Projects

Commercial Buildings

Industrial Facilities

Retail & Mixed-Use

Healthcare Facilities

Educational Institutions

Renovation & Remodeling Projects

Recreational Facilities

## How To Get Started With Us

1

### Submit Your Plans

You can simply email us the drawing plans and specifications at [contact@wisebidestimating.com](mailto:contact@wisebidestimating.com). We accept various formats.

2

### We Review The Plans

Our team carefully reviews every project, analysing its scope and unique details to ensure accurate results.

3

### Get A Quote

After reviewing your plans, we'll provide a detailed quote with pricing, turnaround, and delivery date.

4

### Receive an Estimate

Our expert estimators meticulously perform detailed takeoffs and prepare accurate, well-organized construction estimates, ensuring clarity and precision for every project.

## Our Estimation Deliverables

Every project is delivered with **clear, professional, and contractor-friendly documentation**, including:

- Detailed estimate spreadsheets (CSI Divisions)
- Itemized labor & material pricing
- Bills of Quantities (BOQs)
- Supplier-specific Bills of Materials (BOMs)
- Marked-up drawings from takeoff software
- Proposal summary including scope, inclusions, exclusions, and assumptions

## Tools & Software We Use

We utilize industry-leading estimating, takeoff, and bidding platforms to ensure accuracy, efficiency, and seamless collaboration with our clients. Our team is highly adaptable and fully capable of working within your preferred systems and workflows, allowing us to integrate smoothly with your existing processes and project requirements. The tools and software we commonly use include:

- PlanSwift
- Bluebeam Revu
- On-Screen Takeoff
- RSMeans
- BuildingConnected
- PlanHub
- Procore
- SmartBid
- ConstructConnect

## Industries & Clients We Serve

We work with a diverse range of construction professionals, providing reliable estimating support tailored to their specific roles, project responsibilities, and bidding objectives. Our collaborative approach ensures clear communication, accurate cost insights, and dependable deliverables that support informed decision-making across every stage of the construction process. The industries and clients we serve include:

- General Contractors
- Subcontractors
- Developers
- Architects & Engineers
- Construction Managers
- Property Owners & Managers

## Our Team

Our team consists of senior cost estimators, trade specialists, and dedicated quality control reviewers, each bringing hands-on construction and estimating experience to every project. We are supported by a workforce of **90+ seasoned estimators**, experienced across **all CSI divisions**, allowing us to handle projects of any size, scope, or complexity.

This strong and scalable team structure enables our clients to bid with confidence and remain completely stress-free, knowing they have extensive estimating resources working behind the scenes. To ensure consistent accuracy and reliability, we have developed well-defined internal processes and standard operating procedures (SOPs), including multiple levels of quality checks. Every estimate is thoroughly reviewed for scope coverage, quantity accuracy, pricing consistency, and compliance—ensuring the highest standards of quality on every deliverable.

### Projects Delivered:

- Hundreds of projects successfully estimated
- Project values ranging from small renovations to multi-million-dollar builds
- Coverage across multiple U.S. states
- Residential, commercial, and industrial portfolios

(Client details are protected under NDAs)

# Virtual Bid Management Office (VBMO)

## Your Dedicated Bidding Partner

We act as an extension of your office and manage the entire bidding lifecycle so you can focus on winning projects and execution.

### What We Handle:

- Bid invitation review & opportunity tracking
- Scope analysis and trade coverage review
- Detailed quantity takeoffs & cost estimates
- Vendor & subcontractor coordination
- RFIs, addenda review & revisions
- Proposal preparation & submission
- Pricing validation and bid strategy support
- Post-bid clarifications & follow-ups

### How You Benefit:

- Zero hiring or overhead costs
- Faster, error-free bid submissions
- Consistent and organized bid process
- Improved win rates
- Scalable support during peak bid periods

### Ideal For:

General Contractors | Subcontractors | Developers | Growing Construction Firms

**WiseBid Estimating** — *We manage bids. You win projects.*

## Pricing

At WiseBid Estimating, we offer transparent and flexible pricing designed to fit a wide range of project needs — from individual trade estimates to full-service estimating support. Final pricing is always based on your specific project scope, size, and complexity, which allows us to deliver accurate, customized estimates at competitive rates.

### Our pricing plans include:

#### Single Trade Pricing

Starting from **\$250**

Ideal for individual or specific trade takeoffs and estimates. Includes quick turnaround (typically 24–48 hrs), unlimited revisions, and dedicated email support upon request.

#### Monthly Estimating Packages

Starting from **\$1,999** per month

Best suited for contractors and teams with ongoing bidding needs. Provides estimating support across multiple projects, bid filing support, material takeoffs, and cost management services.

### Dedicated Estimator Support – Contact for Pricing

For clients requiring ongoing, prioritized estimating resources — including feasibility analysis, bid strategy consultation, advanced CSI-formatted deliverables, and other tailored services.

We tailor every engagement to your project goals and budget. Custom pricing options are available if you have unique requirements, high volume needs, or prefer a retainer/long-term arrangement. Contact us at [contact@wisebidestimating.com](mailto:contact@wisebidestimating.com) to schedule a free consultation. We'll review your project types, scope, and volume to provide a customized quote tailored to your needs.

## Quality Assurance Process

- Detailed drawing and specification review
- Accurate quantity takeoffs using industry-standard tools
- Senior estimator quality check
- Addendum review before final submission
- Final bid-ready delivery

## Confidentiality & Compliance

WiseBid Estimating strictly follows confidentiality and data protection standards. All client documents, pricing, and project information are handled securely and shared only under NDA.
